

# TAPE MEASURE

Print this page to measure your head circumference

Print at actual size, do not adjust to page size

- 1 | Cut the rectangles along the dotted lines.
- 2 | Then glue or tape the letters **A** together, then the letters **B**.
- 3 | Place the tape measure 1-2 cm above your eyebrows. Wrap it around your head.
- 4 | Hold the tape measure without tightening it too hard around your head. The arrow will indicate your size.
- 5 | If you have any question, do not hesitate to contact us by mail at [sav@laulhere-france.fr](mailto:sav@laulhere-france.fr)
